Re: ~~CC Docket No. 96-45~~; Universal Service Certification
47 U.S.C. § 254(e); 47 CFR § 54.314

Dear Secretary Dortch:

Enclosed are an original and four copies of each of the following:

- 1) the Georgia Public Service Commission's ("GPSC") Request for Leave to File an Addendum to its State Certification of Federal Universal Service Support Eligibility Out-of-Time; and
- 2) A letter signed by GPSC Chairman H. Doug Everett, dated October 16, 2009, which memorializes the GPSC's October 6, 2009 approval of certification for four (4) local exchange carriers who will be using support received under section 214(e) consistent with the requirements of section 254 (e) and are therefore eligible to continue to receive support under section 214(e) of the Act. (Note: This letter supplements the annual certification in accordance with 47 CFR §54.314 which the GPSC filed with the FCC and USAC in September 2009. Copies of the September 1, 2009 letters to the FCC and USAC are included as Attachments "B" and "C", respectively, to the October 16th letter.)

Please call me at (404) 463-6250 if you have any questions or comments regarding this filing.

THE GEORGIA PUBLIC SERVICE COMMISSION'S REQUEST FOR LEAVE TO
FILE AN ADDENDUM TO ITS STATE CERTIFICATION OF FEDERAL
UNIVERSAL SERVICE SUPPORT ELIGIBILITY OUT-OF-TIME

Pursuant to 47 C.F.R. § 1.41, the Georgia Public Service Commission ("GPSC")
hereby requests leave to file an addendum to its certification of federal universal service
support for calendar year 2010 out-of-time. As grounds for its request, the GPSC states:

1. Under 47 C.F.R. § 54.314, states are required to certify that rural incumbent local exchange carriers and/or eligible telecommunications carriers serving lines in the service area of a rural incumbent local exchange carrier are eligible to receive federal universal support for the upcoming calendar year.
2. In order for federal universal service support to be received for the entire calendar year 2010, state certification was required to have been made by October 1, 2009. See 47 C.F.R. § 54.314(d)(1).
3. By letter dated September 1, 2009, the GPSC filed its annual certification in accordance with 47 CFR § 54.314 with the Federal Communications Commission ("FCC") and the Universal Service Administrative Company ("USAC"). Copies of the September 1, 2009, annual certification letters to

the FCC and USAC are included, respectively, as Attachments "B" and "C" to this Request for Leave to File an Addendum to its State Certification of Federal Universal Service Support Eligibility Out-of-Time ("Request for Leave").

4. Due to a procedural mix-up, the four (4) carriers listed in Attachment "A" to the October 15, 2009 "Addendum to Annual Certification" letter to the FCC and USAC, signed by GPSC Chairman H. Doug Everett, were not included in the September 2009 annual certification letters filed with the FCC and USAC.
5. In Administrative Session on October 6, 2009, the GPSC approved certification that the aforementioned four (4) Georgia local exchange carriers will be using support received under section 214(e) consistent with the requirements of section 254(e) and are therefore eligible to continue to receive support under section 214(e) of the Act.
6. The GPSC's failure to meet the October 1, 2009 deadline was inadvertent, and the GPSC has endeavored to file this Request for Leave as close in time to the October 1st deadline as possible.

WHEREFORE, the GPSC respectfully requests that the FCC consider its October 15, 2009, certification out-of-time and provide universal service funding for the four (4) carriers listed in Attachment "A" to the October 16, 2009 letter from GPSC Chairman H. Doug Everett, which letter is included as Attachment "A" to this Request for Leave.

Respectfully submitted:

Re: Addendum to Annual Certification Filing
CC Docket No. 96-45: Universal Service Certification
47 U.S.C. § 254(e); 47 CFR § 54.314

Dear Secretary Dortch and Ms. Majcher:

This letter supplements the annual certification in accordance with 47 CFR §54.314 which the Georgia Public Service Commission ("GPSC") filed with the Federal Communications Commission ("FCC") and the Universal Service Administrative Company ("USAC") in September 2009. Attachment "A" to this letter is a list of the four (4) Georgia Telecommunications Carriers for whom the GPSC approved certification at its October 6, 2009 Administrative Session. Copies of the September 1, 2009, annual certification letters to the FCC and USAC are included as Attachments "B" and "C", respectively.

The GPSC respectfully requests that the FCC and USAC consider this out-of-time filing, given that it is being made as close to the October 1, 2009 deadline as was possible, given a few procedural mix-ups regarding the four carriers' filings with the GPSC.

On May 23, 2001, the (FCC) issued its Fourteenth Report and Order, Twenty-Second Order on Reconsideration, and Further Notice of Proposed Rulemaking in CC

Docket No. 96-45, and Report and Order in CC Docket No. 00-256, adopting Rural Task Force's proposed framework for rural high cost reform. In its Order, the FCC concluded that the mandate in section 254(e) that universal service support be used "only for the provision, maintenance and upgrading of facilities and services for which the support is intended" applies to all carriers, rural and non-rural, that are designated as eligible to receive support under section 214(e) of the Act. Accordingly, the FCC's Order requires states that wish to receive federal universal service high-cost support for carriers within their boundaries to file a certification with the FCC and the Universal Service Administrative Company (USAC) stating that federal high-cost funds flowing to carriers in that state will be used in a manner consistent with section 254(e). Absent such certification, carriers will not receive such support. The FCC's Order requires that state regulatory authorities file a letter with the FCC and USAC certifying that carriers are in compliance with section 254(e) of the Act by October 1, 2001, and October 1 of each subsequent year.

In Administrative Session on October 6, 2009, the GPSC approved certification that the attached list of four (4) Georgia rural local exchange carriers will be using support received under section 214(e) consistent with the requirements of section 254(e) and are therefore eligible to continue to receive support under section 214(e) of the Act. The Georgia Public Service Commission respectfully submits this certification.

Sincerely,
